

Parks, Recreation, and Open Space Plan (PROS)

GIS Data Availability

Numerous sources for GIS data exist. Below is a short listing of free providers and organizations (including the City of Wichita) where GIS data is available for a fee. Please note that this list is not comprehensive, other GIS data sources may be available.

GIS Data Providers - Free

Sedgwick County GIS

A limited number of free files are available for download from their website.

<http://gis.sedgwick.gov/gisdata>

ESRI

The ESRI website and ESRI Geographic Network are two very large sites that each provide a vast amount of links to GIS data providers, both free and for cost.

<http://www.esri.com/data/>

<http://www.geographynetwork.com/explorer/explorer.jsp?mode=arcmap>

Kansas Geospatial Community Commons

This website provides access to GIS data for areas throughout Kansas. The data is very diverse, ranging from administrative boundaries to utilities and water resources.

GIS Data Providers – Cost Associated

City of Wichita GIS

The City of Wichita GIS data will be provided free to the consultants selected for the Wichita PROS Plan project. Prior to the contract, the GIS data may be acquired for a recovery fee. The recovery fee will be determined at the time of request. Please direct all inquiries for GIS data to Brenda Martin, Systems Analyst II with the City ITIS Department.

Brenda Martin
